TRIBOGUARD REPLACEMENT FILTERS FOR ALLISON WORLD TRANSMISSIONS

The ultimate replacement filter package

Triboguard's transmission filters provide an economical high performance alternative to the OEM product.

- High Capacity – Designed for extended change-out intervals
- High efficiency – Ensures fluid cleanliness
- Low clean pressure drop – Reduces energy loss and extends filter life
- Fatigue Resistant – Maintains effectiveness in extreme conditions
- Meets or exceeds original OEM requirements in form, fit and function
- Compatible with Transynd fluid
- Replaces Gold Series as well as previous filter series

High Performance Replacement Filters

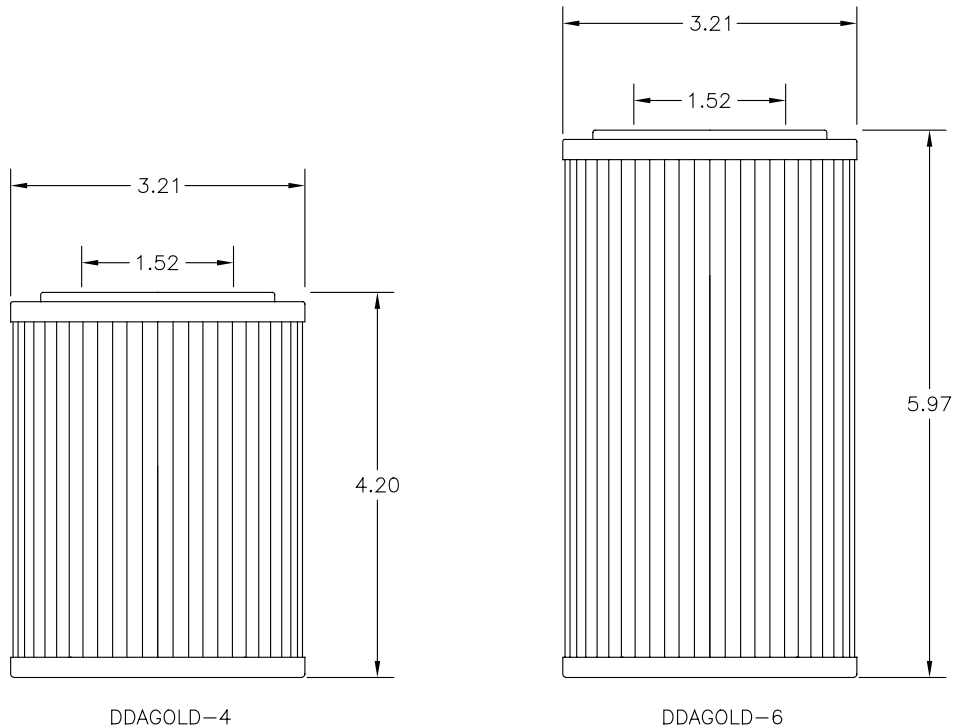

transmission series
